

KMRL Maintenance Log – Track Repair

Category: Maintenance Log / Work Order

Date: 18-08-2026

This document records the routine maintenance of the Aluva-Palarivattom track section. The inspection found minor wear on the rails and loose ballast near the curve. Repairs were carried out on 12-Aug-2026. The work order was completed on time.

Action Items:

- Replace 15 damaged sleepers
- Re-ballast the curve section
- Inspect track geometry

Deadline: 2026-09-15
